

Experience
nodeTM
for yourself

move.

fit.

store.

node™ from Steelcase is the new student chair which supports an active learning environment, keeping the student more comfortable, more connected and more engaged, while supporting a variety of teaching styles.

The classroom can flex from lecture-based mode to a team-based mode, and back again, without interruption.

flexible seat, without pneumatic adjustments to worry about, keeps students comfortable in a variety of postures.

comfort without upholstery means easy maintenance.

open seat design offers easy access, while arms serve as backpack hooks.

personal worksurface is adjustable, non-handed, and large enough to support digital and analog resources.

swivel seat keeps open sightlines between student and instructor, whiteboard, and other students.

Steelcase warranty with elevated durability testing makes node an easy choice.

casters lend mobility for quick, easy transitions between classroom modes.

base keeps backpacks and personal belongings out of the aisle.

Interiors for Business, Inc. invites you to test drive a node classroom on your campus for free.
